- ✓ Powered by the brand new NBN National Network
- ✓ Optional Home Network Gateway WiFi modem

Australia's National Broadband Network

Be one of the first in Australia to connect to the National Broadband Network. The NBN is being rolled out across Australia to many metropolitan and regional locations using the latest in Fibre, Wireless and Satellite technologies. You may be in one of the many roll out locations, simply let us know your address and we can help you choose a plan to best suit your needs

Significantly higher speeds than any other network!

The potential speeds on the NBN network are significantly higher than ADSL which is delivered on the old copper based network. You can achieve incredible speeds of up to 100Mb/s download which is 5 times faster than the highest ADSL2+ speed available.

Wide range of plans to suit your needs.

For smaller families with minimal internet requirements or for basic business connectivity, you may choose from a lower speed plan with a small data inclusion. For larger households which rely on the internet for school or for businesses accessing cloud based applications, we offer a range of high speed services with up to 1TB of included data.

Retail Service Provider of

Why Choose Us?

Because we give the kind of service you just can't get from the big telcos.

One Bill

We're a full service telecommunications provider meaning we can provide all your communications on one single bill. So that's one simple payment per month and one company to deal with. Just makes life simple.

Direct Contact

When you're with us you'll have our direct contact details so if you've got a question you know who to come to. It's the kind of personal service the big telcos just can't offer. Their loss, your gain.

Choice of Networks

We know reliability is crucial, it's just got to work. So we only partner with the tier 1 networks so you get the service you're paying for, in more places. And better still, we can offer the network that suits you, not us.

A Communications Partner

We believe in being a valued partner to our clients by offering honest and straightforward advice. We don't make the sale and run, we're here to stay, and we're here to do whatever we need to keep you happy.

Things You Should Know

1. All prices quoted are inclusive of GST. 2. NBN Internet minimum commitment over 24 months is as follows; \$2,038.80 (12MB/1MB), \$2,158.80 (25MB/5MB), \$2,278.80 (25MB/10MB), \$2,398.80 (50MB/20MB), \$2,638.80 (100MB/40MB). 3. Dishonoured direct debit payments may incur a charge. 4. Acceptable Usage Policy applies. 5. If you choose to cancel your service or it is disconnected for any reason within the 24 month contract term you will be charged an early termination fee of \$15.00 inc GST multiplied by the remaining months in your contract. You must provide 30 days' notice to us to disconnect a service. 6. We will deliver your service to the Network Boundary Point at your premises, which is defined as the physical port or 'UNI' on the NBN Network Termination or port on the Home Network Gateway if selected. The cabling that is required in your premises beyond the Network Boundary Point is your cost and responsibility, as is the provision of a suitable 240V AC power outlet. 7. You must obtain the consent of the property owner to have the NBN installation performed. 8. The installation will be performed during business hours, and you will need to be home to provide access for the installation technicians. If you select to take the Home Network Gateway and choose the Professional Installation option, a second appointment will be required. 9. A single static IP address is provided which may be changed due to technical and operational reasons by providing 30 days notice. 10. Speeds are theoretical maximum speeds. Actual speeds may be less due to a number of factors including but not limited to, network configuration, line quality & length, customer premises interference, traffic, hardware and software. 11. Data Allowance each month includes both Upload and Download traffic for that billing period and quota not used in a month is not carried forward to the next month. 1 Gigabyte = 1024 Megabytes. 12. If you have chosen a shaped plan, once you have reached your usage allowance, the speed of your service will slow to 256kbps. 13. If you have chosen an unshaped plan, excess data used will be charged at \$2.50 per GB in 1 Megabyte Increments.
